

# TOWN OF SOUTHERN SHORES PARKING PERMIT APPLICATION

---

There is no parking allowed on the streets of Southern Shores except for those streets where there is a Town sign marking designated Town parking areas. The town parking permit is issued to property owners, dependents and year-around residents **ONLY**. This Sticker allows you to park in those designated Town parking areas only. You cannot park in these areas without a town parking sticker and violators will be ticketed.

The town parking sticker is not valid in private parking areas such as those operated by the Southern Shores Civic Association or the Chichahauk Property Owners Association, both of which have their own systems of parking passes for their properties.

To obtain a town parking sticker, complete the application below for each vehicle owned by the permanent resident or property owner and bring to the Town Hall.

This Sticker is to be affixed to your windshield in  
the lower right-hand corner on the passenger side.
