7. Explain how the variance request meets the approval criteria for the granting of a variance as set forth by the Town of Southern Shores Code of Ordinances by answering the following questions. Note that personal inconvenience or financial burden standing alone will not be considered as evidence in determining unnecessary hardship. Unnecessary hardship must be attributable to a unique or peculiar physical condition of the property that is not shared by other properties and has not been created by the actions of the applicant.

*Describe the unnecessary hardship created on the property by the strict enforcement of the Zoning Ordinance.*

The subject lot was subdivided prior to the existence of Southern Shores being a municipality and the creation of a zoning ordinance. Fifty foot ocean front lots would have not been considered in creating a fifteen foot side setback for this zone. With the fifteen foot side setback, the town will now only allow a twenty foot wide residence on this lot. This in turn would create a long, narrow structure to maximize the value.

*Explain how the property can be used if the variance is not granted.*

20 foot wide residential structure.

*Explain how the property can be used if the variance is granted.*

26 foot wide residential structure.

*Explain how the unnecessary hardship is not the result of your own actions.*

The subject lot was one of two lots combined and permitted by the Town of Southern Shores through their CAMA permitting process for a sixteen bedroom wedding house. The CAMA Permit was issued December 10, 2015 with approved wedding house plans. At this time, a building permit could have been issued by the Town of Southern Shores. As owner of the adjoining lot to the south, I felt that this use would be inconsistent with the surrounding properties. In hopes to maintain a typical use, I attempted to negotiate the purchase of this fifty foot parcel. Prior to the town having to issue a building permit for this sixteen bedroom structure, I negotiated to purchase the single fifty foot parcel. In the meantime, the town changed their ordinances with regard to their parking requirements and their square footage limitations.

Describe the conditions that are peculiar to the property, such as location, size, or topography which causes the unnecessary hardship.

THIS LOT IS A FIFTY FOOT WIDE LOT THAT EXISTED  
BEFORE TO SOUTHERN SHORES BECOMING A MUNICIPALITY  
AND ITS RELATED ORDINANCE. FURTHER RESTRICTIONS  
FROM C.A.M.A. ALSO APPLY.

Explain how the requested variance is consistent with the spirit, purpose, and intent of the Town's Zoning Ordinance (Town Code Chapter 36) such that public safety is secured, and substantial justice is achieved.

THIS REQUEST IS VERY CONSISTENT IN THAT IT  
WILL ALLOW FOR THREE FEET LESS SIDE SETBACK  
AND THE CONSTRUCTION OF A 26 FOOT WIDE  
RESIDENCE INSTEAD OF 20 FOOT WIDE.

Will the variance, if granted, allow an increase or extension of an existing nonconforming use on the property?

NO

Will the variance, if granted, allow a use otherwise prohibited in the zoning district containing the property?

NO
