I am continuing to work on the issue of the "lot of record" which involves Gray Berryman. I have another client in the form of Forrest Seal who is buying another street segment and the same issue will need to be addressed for that property. I have asked Wyatt Booth to assist in coordinating the sale of these two parcels with the transactions involving the Chichauk POA. The week I got a call from Charlie Aycock in which he raises objections with regard to the Berryman parcel.

This email is to let you know that my delay in coming to you about the issues we discussed previously is because of my effort to make sure that Boddie Noel, Chichauk POA and others are all on the same page. I will be providing you with more information next week which has input from these various interested parties.
